## Focus On Education

PrimeCare is well known in the profession for our dedication to education. Since the inception of our first PrimeFare East Regional Scientific Symposium in 1998, with three educational tracks and 16 exhibitors, we have been committed to providing regional education to the P&O field that is second to none. Both of PrimeCare's symposia, PrimeFare East and PrimeFare Central have grown exponentially since 1998 and continue to expand in both attendance and exhibitor support.
